

### **Sydney Society Music's Three Ps Guarantee**

**Our Guarantee: The musicians will be punctual, polished and professional or your money back.**

**Punctual:** Sydney Society Music's musicians are required to be at the venue at least 30 minutes before the start time to set up and settle in. This is why we can guarantee that the music will start on time. Our musicians have experience travelling to all parts of Sydney, as well as travelling outside of Sydney, so they know the importance of leaving early and taking traffic conditions into consideration. For events which require more complicated bumping in and amplification, ample time will be allowed for this to happen.

**Polished:** To us, being polished has a twofold meaning. Will the musicians look and sound great? Just like your guests, we expect our musicians to be well dressed. The men wear suits and ties (white shirts with black bow ties for string groups and black shirts and red long ties for jazz). The ladies wear formal black. Black tie is available for all groups upon request.

Whichever group you decide to book, you will love the sound of Sydney Society Music. You can tell that they have the experience you expect from a professional group.

**Professional:** The players in Sydney Wedding music know that they are representing our brand whenever they are working for us. So you can rest assured that they will always act in a thoroughly professional manner at all times.
