

## NORWEST MARKETOWN

1<sup>st</sup> June 2010

### To May It May Concern

This letter is to express our sincere appreciation, and enjoyment in relation to working with the Jane Hart Trio at Norwest Marketown.

Over the past few months, we have had the utmost pleasure in listening to the wonderful sounds of the Jane Hart Trio, as they performed live in our centre for our customers.

This entertainment has brought to our centre, a unique quality of entertainment.

Customers from young to old express their gratitude towards us at the centre management and towards the group themselves.

I also mention that Jane Hart is a wonderful human being, which is refreshing to work with in all aspects of the entertainment industry.

I extend our invitation to anyone reading this letter to come to Norwest during their performances to experience the same in person.

Normally when one has not had a lengthy period of knowing people, they rarely offer any recommendations, however in this case I break my own mould in doing so, without regret.

I would highly and completely recommend Jane Hart and her fellow trio members to any function, outlet, shopping centre or entertainment facility, who wishes to give them a trial.

Yours musically and sincerely,

Marie Georgiou and  
Director
